The **ISO 45001:2018** standard is addressed in this training. It is intended for those responsible for the health and safety of their employees. You will gain the skills necessary to implement the standard and conduct internal audits to monitor progress toward compliance.

With the introduction of the ISO 45001:2018 standard, the focus has shifted towards proactive measures for employee protection and increased involvement from management. We are committed to helping you gain a comprehensive understanding of the ISO 45001:2018 standard. Our team of trainers possesses extensive knowledge and practical experience across various industries.

By choosing our cutting-edge training programs, you can rest assured that you will receive up-to-date instruction that aligns with industry best practices. We strive to equip you with the necessary skills and expertise to optimize your OHS management, promoting a safer and healthier work environment for all.

Benefits

This training course provides you the opportunity to learn about the benefits of this standard and obstacles you might encounter using this standard. It also provides you with the opportunity to discuss your questions with a practitioner. Not only focusing on differences with OHSAS 18001 but also explain detail requirement
