Managing and Conducting Internal Audit based on ISO 22000:2018 Requirements and ISO 19011:2018 Guidelines

 Seminar	 1 Date available	 Certificate of Completion
 Virtual learning	 16 Lessons	 Available online

Seminar Number: PH-C14-ISO22000-IA

Status: 18.10.2024. All current information can be found at <https://academy-ph.tuv.com/s/PH-C14-ISO22000-IA>

Over two intensive days, you'll dive deep into the intricacies of auditing processes, risk assessment, and compliance with ISO 22000:2018 standards. From understanding key requirements to mastering virtual audit techniques, this training equips you with the knowledge and skills needed to conduct thorough and effective food safety management system audits. Led by industry experts, this interactive program combines theoretical learning with practical workshops and Q&A sessions, ensuring you're fully prepared to excel in your role as an internal auditor.

Benefits

At the end of the training, participants should be able to:

- **Expertise in Auditing:** Gain a comprehensive understanding of auditing principles and techniques specific to food safety management systems.
- **Enhanced Compliance:** Ensure your organization meets regulatory requirements and industry standards with confidence.
- **Risk Management:** Learn to identify, assess, and mitigate risks to food safety through a systematic approach.
- **Career Advancement:** Boost your professional credentials and career opportunities as a certified internal auditor.
- **Increased Confidence:** Gain the confidence to lead audits, report findings, and drive continual improvement in food safety practices.

Target group

This training is ideal for:

- **Quality Managers** and **Food Safety Professionals**
- **Internal Auditors** and **Compliance Officers**
- **Food Safety Consultants and Advisors**
- **Regulatory Affairs Specialists**
- Anyone involved in **food safety management system audits** or seeking to enhance their auditing skills.

Requirements

To fully benefit from this training, participants should have:

- A foundational understanding of ISO 22000:2018 standards and quality management principles, ideally through completion of an [ISO 22000:2018 Food Safety Management Systems Awareness](#) training.
- Some experience in quality and food safety management systems or auditing practices is recommended but not mandatory.

No advanced technical skills are required, making this training accessible to anyone looking to enhance their auditing capabilities within a quality management system environment.
