This expertly designed course provides an exhaustive overview of the latest practices and standards for ensuring business continuity. From understanding the structure and benefits of ISO 22301:2019 to implementing its requirements effectively, our training covers every angle to prepare you for the unexpected. Dive into the PDCA cycle, leadership roles, operational planning, and much more, all aimed at fortifying your organization against disruptions.

Benefits

At the end of the course, participants should be able to:

- **Enhanced Resilience:** Implement strategies that prepare your organization to withstand and quickly recover from disruptions.
- **Comprehensive Understanding:** Master the ISO 22301:2019 standard, including its development, objectives, and key changes.
- **Integrated Approach:** Learn to align BCMS with other management systems using Annex SL, promoting efficiency and coherence.
- **Risk Management:** Identify and mitigate risks with a clear understanding of your organization's context and the PDCA cycle.
- **Leadership and Commitment:** Foster a culture of resilience and continuity with strong leadership and clear communication.
- **Continual Improvement:** Embrace the ethos of ongoing improvement to maintain and enhance business continuity strategies over time.
