As businesses increasingly face disruptions and unforeseen disasters, ranging from natural calamities to cybersecurity threats, the demand for ISO 22301 certification is rising sharply. This surge in interest towards ISO 22301 compliance is driving a need for expert auditors adept in evaluating and confirming organizational adherence to these standards.

This **ISO 22301 Lead Auditor training course** is meticulously crafted to provide participants with the essential skills and knowledge for planning and conducting audits in line with ISO 19011 guidelines, as well as navigating the certification process according to ISO/IEC 17021-1 standards. Participants will engage in a rich learning environment featuring interactive sessions, in-depth explanations, hands-on exercises, and group discussions. This comprehensive approach ensures a deep understanding of business continuity management systems and audit methodologies, positioning you to excel in this high-demand field.

Benefits

By the end of this training course, the participants will be able to:

1. Explain the fundamental concepts and principles of a business continuity management system (BCMS) based on ISO 22301.
2. Interpret the ISO 22301 requirements for a BCMS from the perspective of an auditor.
3. Evaluate the BCMS conformity to ISO 22301 requirements, in accordance with the fundamental audit concepts and principles.
4. Plan, conduct, and close an ISO 22301 compliance audit, in accordance with ISO/IEC 17021-1 requirements, ISO 19011 guidelines, and other best practices of auditing.

5. Manage an ISO 22301 audit program.
