The ten (10)-hour **Basic Occupational Safety and Health Training for Safety Officer 1** is a mandatory training course in compliance with the Republic Act No. 11058 and DOLE Department Order 198 s. 2018. It aims primarily to impart knowledge and skills on basic concepts and principles of occupational safety and health to enable safety officers to implement their respective company's safety and health program.

This live online training (LOT) is offered by the Occupational Safety and Health Center (OSHC), Occupational Safety and Health Networks (OSHNets), and DOLE-accredited Safety Training Organizations (STOs).

## Benefits

### COURSE OBJECTIVES:

Overall Objective: To provide the participants the basic knowledge and skills on the basic concepts and principles of occupational safety and health (OSH) that will enable safety officers to develop and implement their company's safety and health program.

### SPECIFIC OBJECTIVES:

At the end of the course, participants will be able to:

- Explain existing & potential safety and health hazards and describe their effects to the human body.
- Classify the effects of occupational illnesses and accidents to individuals, their families, communities and workplaces.

- Name the appropriate control measures for specific hazards.
- Describe the importance of effective OSH communication (OSH training and meetings).
- Name the roles of safety officers in the overall management of OSH program.
- describe the components of an OSH program.
- Develop a workplace-specific OSH re-entry plan.

## Target group

This course is recommended for Safety Officers 1 and members of the Safety Committee and QESH Team in their respective business organizations.
