Seminarnummer: 29485 | Herstellernummer: OD20765

Stand: 21.02.2026. Alle aktuellen Informationen finden Sie unter <https://akademie.tuv.com/s/29485>

This On Demand online course is designed to teach students how to provision SQL Server databases both on premise and in SQL Azure.

## Nutzen

This online training is an alternative to the MOC20765 course. After completing this online training, you will be able to:

- Provision a Database Server
- Upgrade SQL Server
- Configure SQL Server
- Manage Databases and Files (shared)
- Provision, migrate and manage databases in the cloud

This training prepares you for the SQL Server MCSA exam 70-765.

## Zielgruppe

The primary audience for this online training is individuals who administer and maintain SQL Server databases. These individuals perform database administration and maintenance as their primary area of responsibility, or work in environments where databases play a key role in their primary job.

The secondary audiences for this course are individuals who develop applications that deliver content from SQL Server databases.

# Voraussetzungen

This online training requires that you meet the following prerequisites:

- Basic knowledge of the Microsoft Windows operating system and its core functionality.
- Working knowledge of Transact-SQL.
- Working knowledge of relational databases.
- Some experience with database design
