

Safety instruction electricians. E-learning.

In order to avoid accidents, we provide you with the current requirements for qualified electricians.

Seminar	Jederzeit verfügbar	Teilnahmebescheinigung
E-Learning	4 Unterrichtseinheiten	Garantietermine vorhanden

Seminarnummer: 07227

Stand: 07.09.2026. Alle aktuellen Informationen finden Sie unter <https://akademie.tuv.com/s/07227>

According to DGUV Regulation 1, the safety instruction of electricians is a company obligation. The Occupational Health and Safety Act (Arbeitsschutzgesetz), the Ordinance on Industrial Safety and Health with TRBS (Betriebssicherheitsverordnung mit TRBS), DGUV Regulation 3 and DIN EN 50110-1 require recurring electrical training. In this e-learning course, you will learn the content of the current regulations on occupational health and safety in the field of electrical engineering. You can find this product also in german: [Jahresunterweisung Elektrofachkräfte. E-Learning.](#)

Nutzen

- Participants are familiarized with the content of the current regulations and receive practical advice on how to implement them in everyday operations.
- They will be able to better recognize and assess the dangers involved in electrotechnical activities.
- They will know which protective measures are suitable and effective for preventing accidents and will be able to implement them safely.
- Our e-learning saves you travel, catering and accommodation costs and you can flexibly adapt the training to your own schedule. You determine your own learning pace and test your knowledge using the exercises.

Zielgruppe

Electricians, work and plant managers in the field of electrical engineering.

Inhalte des Seminars

- Legal Basis

- Work Organization and responsibility, qualification
- Dangers and effects of electric current
