Estado: 16.03.2026. Toda la información actual se encuentra en <https://academia-es.tuv.com/s/ES-HSE03>

IOSH Managing Safely® is a leading health and safety certificate around the world. It's for people working in line management or supervisory type role in any business or industry.

It is an accredited health and safety qualification that delivers essential learning to those in positions of responsibility. This includes the identification, evaluation and control measures associated with workplace risks.

Achieving the IOSH Managing Safely certificate empowers managers in any business to better manage their team, safeguarding their wellbeing and embedding a safe culture in the workplace.

It will help you or your workforce to:

1. Control Hazards
2. Reduce Risk
3. Improve Productivity

Beneficios

By the end of the course, your staff will be able to:

- Understand the importance of managing health and safety.
- Identify how the law can have an impact on safety and health in the workplace.
- Identify workplace hazards and risks, their impact and how to manage them.
- Identify how to evaluate and respond to an incident.

- List the benefits and characteristics of an effective health and safety management system.
- Describe the principles that underpin good safety and health performance.

Grupo objetivo

The Institution of Occupational Safety and Health (IOSH) Managing Safely Certificate course is designed for managers and supervisors working in any sector, anywhere in the world.

The IOSH Managing Safely® course was developed by the Institution of Occupational Safety and Health (IOSH). This globally chartered body provides internationally recognised qualifications that promote high health and safety standards in the workplace.

Requisitos

There aren't any! Learners don't need any health and safety knowledge or experience to take the course.

Contenidos

IOSH Managing Safely covers the main principles for managing and improving health and safety in the workplace. It's split into **8 modules**:

1. Introducing Managing Safely
2. Assessing Risk
3. Controlling Risk
4. Understanding Responsibilities
5. Common Hazards
6. Investigating accidents and incidents
7. Measuring Performance
8. Bonus Module: Human Factors

Bonus Module: Human Factors explained When you complete this module, you will be able to positively influence the health and safety culture and behaviour in your organisation, ultimately leading to improved performance. Human factors are factors influencing behaviour at work which effect health and safety. These factors are defined as the individual, the job and the organisation.

There are **two assessments for IOSH Managing Safely**: a short knowledge test and a workplace risk assessment project

Knowledge test: Learners must complete a knowledge-based test at the of the course. They will have 45 minutes to answer 30 questions in various formats, including multiple-choice, true/false and open questions. Marks to achieve their IOSH Managing Safely certificate: 36 out of a possible 60.

Risk assessment: Learners must submit a risk assessment project within two weeks of the end of the course. Marks to achieve their IOSH Managing Safely certificate: 23 out of a possible 38.

Once your IOSH assessment is completed and your marks have been verified by IOSH, you will have immediate access to download your digital certificate through the IOSH portal.

Información Importante

Online course is also available in : English, Arabic, Chinese, Czech, Dutch, French, German, Polish, Portuguese, Spanish and Turkish.

IOSH Managing Safely requires 24 hours of study, which can be taken online.
