ISO/IEC 42001 Lead Implementer eLearning - PECB

ISO/IEC 42001 Lead Implementer eLearning - PECB

Seminar | Always available | Certificate of Completion

E-learning | 40 Lessons | Available online

Seminar Number: IN-AIC-PECB-ISO 42001 LI-elearn

Status: 06.11.2026. All current information can be found at https://academy-in.tuv.com/s/IN-AIC-PECB-ISO 42001 LI-elearn

As artificial intelligence rapidly transforms industries, the need for structured and responsible implementation is greater than ever. The ISO/IEC 42001 Lead Implementer course equips you with the practical knowledge and skills to establish and manage an AI Management System (AIMS) that aligns with the international ISO/IEC 42001 standard.

Designed for professionals who want to drive AI strategies from theory into practice, this course provides a hands-on roadmap to successfully embed responsible AI frameworks across an organization.

Benefits

- Gain practical skills for implementing AI Management Systems
- Learn how to align AI initiatives with ISO/IEC 42001 requirements
- Understand how to embed responsible AI governance across your organization
- Access expert tools and frameworks for structured implementation
- Prepare for certification and demonstrate your ability to lead AI transformation efforts

Target group

This training is ideal for:

- Project managers and implementation leads in AI initiatives
- Consultants and advisors guiding AI deployment strategies
- Professionals overseeing AI governance and compliance

® TÜV, TUEV and TUV are registered trademarks. Utilisation and application requires prior approval.

- Members of internal implementation teams
- Decision-makers and executives managing AI integration

Requirements

Participants should have a basic understanding of ISO/IEC 42001 and general knowledge of AI Management Systems (AIMS).

Upon completion of the course and exam, you may apply for the official PECB ISO/IEC 42001 Lead Implementer certification to validate your implementation skills.

Training outline

This course includes practical modules covering:

- Foundations and principles of AIMS and ISO/IEC 42001
- Frameworks and strategies for AIMS implementation
- Application of PECB's IMS2 Methodology and industry best practices
- Monitoring, maintenance, and continuous improvement of AIMS
- Certification readiness and audit preparation

Interactive exercises, real-world examples, and scenario-based quizzes help you translate knowledge into action.

Other information

The training is conducted in cooperation with the partner PECB.

For payment details and inquiries, please contact local team. Our team will guide you through the payment process and answer any questions about schedules, content, or logistics.

ADDITIONAL INFORMATION

- Training fees include materials and a certificate.
- We accept various payment methods; please reach out for instructions.

CANCELLATION POLICY

- TÜV Rheinland reserves the right to postpone or cancel public courses due to valid reasons.
- Unless cancelled by TÜV Rheinland all fees are non-refundable once registration is confirmed.

® TÜV, TUEV and TUV are registered trademarks. Utilisation and application requires prior approval.

• Cancellations made ------- days or fewer before the training date are non-refundable; full fees will be charged.
