Seminar Number: PH-C11-ISO14001-AW-VC

Status: 15.04.2026. All current information can be found at <https://academy-ph.tuv.com/s/PH-C11-ISO14001-AW-VC>

Embark on a journey towards environmental excellence with our comprehensive ISO 14001:2015 Environmental Management System Awareness Training. Designed to empower organizations of all sizes and sectors, this course offers an in-depth understanding of the ISO 14001:2015 standards. Through engaging modules, participants will learn to navigate the complexities of establishing, implementing, maintaining, and improving an Environmental Management System (EMS) to enhance environmental performance. Our expert-led training demystifies the requirements and structure of ISO 14001:2015, providing actionable insights into managing significant environmental aspects effectively.

## Benefits

At the end of the training, participants should be able to:

- Learn strategies to minimize your environmental footprint while maximizing operational efficiency.
- Navigate legal and regulatory requirements with ease, ensuring full compliance with environmental legislation.
- Implement operational controls and emergency preparedness to manage environmental risks effectively.
- Master the art of continuous improvement with tools and techniques to set, achieve, and surpass environmental objectives.
- Prepare your organization for ISO 14001:2015 certification with a deep understanding of the audit process and certification requirements.

# Target group

Our ISO 14001:2015 Awareness Training is ideal for:

- **Environmental Managers** who are responsible for overseeing and improving environmental performance.
- **Quality Managers** looking to integrate their quality management system with environmental aspects.
- **Operational Staff** at all levels needing to understand their role in the EMS.
- **Top Management** seeking to lead by example in environmental management.
- **Anyone** within the organization involved in the planning, implementation, maintenance, and improvement of the EMS.

# Requirements

There are no formal prerequisites for this training. However, participants will benefit from:

- Basic knowledge of environmental management concepts and terms.
- Familiarity with the organization's operations and environmental impacts.
- An open mind and willingness to engage in learning and applying new practices for environmental stewardship.

# Training outline

- Introduction to ISO 14001:2015
- Definition of Terms
- Requirements for design, establishment, maintenance, and improvement of Environmental Management System
- Context of the Organization
- Leadership
