 Available online

Seminar Number: PH-C01-GDS_wopl_v01_u01_en

Status: 11.02.2025. All current information can be found at https://academy-ph.tuv.com/s/PH-C01-GDS_wopl_v01_u01_en

Mobile elevating work platforms make it possible to perform work at height. However, safe use requires careful preparation and execution by the operating personnel. This training unit serves as a refresher for qualified operators on the hazards associated with working on elevating work platforms - and the measures that can be taken to avoid them.

Benefits

Basic information on elevating work platforms

Safe working with elevating work platforms

Protection against tipping over

Protection against being thrown out

Basic information on elevating work platforms

Safe working with elevating work platforms

Protection against tipping over

Protection against being thrown out

Target group

Employees in all occupational groups who receive regular instruction on health and safety in the workplace

Requirements

None

Training outline

Mobile elevating work platforms make it possible to perform work at height. However, safe use requires careful preparation and execution by the operating personnel. This training unit serves as a refresher for qualified operators on the hazards associated with working on elevating work platforms - and the measures that can be taken to avoid them.
