Oracle Application Express (APEX) Workshop II Ed 2

Seminar | Zurzeit keine Termine | Teilnahmebescheinigung

Präsenz | 24 Unterrichtseinheiten

Seminarnummer: 27480 | Herstellernummer: D79657GC20

Stand: 28.03.2024. Alle aktuellen Informationen finden Sie unter https://akademie.tuv.com/s/27480

In diesem Kurs lernen Sie, wie Sie Sammlungen verwenden, dynamische Aktionen hinzufügen, Plug-ins erstellen und anpassen sowie einen RESTful-Webdienst erstellen und verwenden.

Nutzen

Students attending the Oracle Application Express Workshop II workshop will build on the knowledge they learned in the 5-day Oracle Application Express Workshop I course. Students examine topics such how to use collections, add dynamic actions, create and customize plug-ins, and create and consume a RESTful Web Service in this course.Learn To:

- Extend Your applications using collections, dynamic application, and plug-ins.
- Create and use RESTful Web Services.
- Make your application accessible.
- Customize themes and templates.
- Establish a master application and corporate theme.
- Migrate an existing application to a new theme.
- Incorporate a jQueryUI ThemeRoller theme into your mobile application.
- Secure your application.
- Deploy and maintain your applications.
- Optimize your application performance.Benefits to YouStudents will benefit as they learn to ensure that the APEX application is accessible. A good portion of time will be spent on determining which theme to use based on the type of application students want to build (Desktop, Mobile or Responsive), how to customize the templates and build a Corporate Theme that many applications can use.You will learn how to setup a Master (Template) Application that contains common regions that are used as a starting point as well as learn how to build a landing pad page that helps to navigate throughout the application. You learn some considerations when upgrading your APEX applications to a reponsive theme and also how to incorporate a new jQueryUI ThemeRoller theme into your existing Mobile
